

TO ALL EMPLOYERS OF ONE OR MORE PERSONS:

You Can Hire a Veteran of World War II
at 40 % of the Pay of a Skilled Worker ...
and Uncle Sam Will Pay the Veteran the
Balance of the Fully Trained /or Journey-
man's/ Pay.

For Example:

If the trained employee's (or journeyman's) pay is \$1.25 per hour, you can employ a Veteran and pay him 50c an hour and the Federal Government will pay the balance of 75c an hour—DIRECT TO THE VETERAN. The benefits to Disabled Veterans are even greater.

Single Veterans are eligible for up to \$65.00 per month and Married Veterans up to \$90.00 per month in Federal participation in the Apprenticeship Training Program.

This program includes the Small Businessman, such as Retail Stores, Garages, in fact, any employer of one or more persons may benefit by the program. Veteran-employees do not require—nor do they want—special treatment. Men who have fought well will work well, without being pampered. By the combined efforts of their employer and their government they will be well paid, and will have the added incentive of training for a good job in the future after their apprenticeship has been served—ranging up to 4 years.

There are over 1500 Veterans in this area, who have already made applications for apprenticeship training. If you can use an extra man in your shop or store, contact the United States Employment Service, 1628 Cravens Ave., Torrance. Many of these Veterans are already partially trained in various trades and skills.
